

Skills

Tools

Figma, ProtoPie, Framer, Adobe Creative Suite, Maya 3D, Canva, DaVinci Resolve

Coding & Development

React.js, React Native, HTML/CSS, JavaScript, Java, Python, p5.js, Node.js, C++

Education

Simon Fraser University

B.Sc. Interactive Arts and Technology (IAT)

Sep 2023 - April 2026

Experience

LintelAI Technologies Inc.

Developer & UX/UI Designer

Jan 2026 - April 2026

- Designed and built the marketing website for an AI startup as the sole designer and developer, owning the work from Figma design through to the finished responsive site.
- Prototyped the site in Figma and shared it with the team for feedback before development, so the direction was aligned before any code was written.
- Built an animated hero and interactive visuals with scroll triggered animations that reveal content as the user moves down the page.

Project

Internet Computing

Server-Side Web Development, SFU

Jan 2026 - April 2026

- Built Mixtape, a full-stack music website using React, Node/Express, MongoDB, Deezer API, and JWT authentication.
- Developed mixtapes, reviews, user profiles, discovery, and admin features.
- Built a responsive mobile UI and resolved iOS Safari issues with positioning, scrolling, and input behavior.

FigBuild 2026

Designer, Figma Make (AI powered design)

Mar 2026

- Designed a time perception app from concept to prototype using Figma Make, and built and presented it with a team under a hackathon deadline.
- Collaborated on user research, UX/UI, user flows, and an interactive Figma prototype during a weekend design-a-thon.

Mobile Computing

Prototype & Development, SFU

Oct 2025 - Dec 2025

- Co-designed and developed Consistency, a habit-tracking app using Figma and React Native (Expo), with habit tracking, rewards, and map activities.
- Built core features including habit creation, daily tracking, rewards, and a map-based activity log, focusing on usability and clear user flows.

Rawitphoom Kiatthitinan

UX/UI Designer & Frontend Developer

Other Experience

Thai Chef Eatery

Jan 2026 - April 2026

Prep Cook

- Prepped ingredients for Thai curries, stir-fries, and noodle dishes, including chopping vegetables and portioning proteins for service.
- Kept the prep station clean and organized while following food safety and hygiene standards.
- Supported chefs during peak hours by restocking ingredients and helping with cooking tasks to keep service running smoothly.

Thai Express

Jun 2023 - Sep 2025

Cashier and Food Preparation

- Managed multiple orders efficiently in a fast-paced environment, improving attention to detail and time management.
- Worked collaboratively with a team to handle high-demand periods efficiently, adjusting to fast-paced challenges.
- Supported kitchen operations by preparing ingredients for current and future cooking needs, improving overall efficiency during rush times.
